

CHINESE REDS  
CLAIM CAPTURE  
OF CHANGCHUN

Say Order Now Is Restored;  
Fate of Seven Americans  
Is in Doubt.

By The Associated Press  
An official Chinese Communist  
broadcast from Yenian, party  
headquarters, today reported  
the capture of Changchun, cap-  
ital of civil war-torn Manchuria.  
The broadcast was recorded by  
The Associated Press in San  
Francisco.

The broadcast, in the form of  
a New China News agency (Com-  
munist) urgent dispatch from  
Changchun, reported:

"The city of Changchun has  
been completely cleared of Jap-  
anese and puppet troops and  
armies (this presumably referred  
to Chinese government troops),  
and Communist-led popular  
army—the democratic joint  
army—entered the city to es-  
tablish peace and order.

Say Order Established  
"Democratic municipal govern-  
ment has been established and the  
city has returned to normal or-  
der."

The dispatch, dated last (Thurs-  
day) night, continued:

"The city was plunged into  
anarchy by looting and out-  
rages by puppet troops, bandits  
and remnants of Japanese troops  
after evacuation of the Soviet  
troops."

"The Russians completed their  
evacuation Sunday night. The  
Communists began their attack  
on the city two hours earlier. As-  
sociated Press Correspondent  
Tom Masterson radioed from  
Changchun at the time."

"Local popular forces entered  
the city and by April 18 at 7 p.  
m. local time, had cleared the  
city of puppet troops under the  
notorious Chiang Peng-fei and  
armed bands of bandits and Jap-  
anese."

Yanks in Peril  
There was no record of the  
fate of Masterson and four other  
American correspondents, nor of  
Maj. Robert B. Rigg, Chicago,  
and S. Sgt. Jack Pond, Portland,  
Ore., his aide. The Americans  
went to Changchun a week ago  
to be present for the Russian  
withdrawal.

The last word from Masterson,  
a short dispatch from Changchun  
dated Wednesday, said the Com-  
munists had seized the city's only  
railway station and the Yamato  
hotel, where Rigg and Pond were  
quartered. There has been no  
word of the fate of Rigg—assisted  
by U. S. military attaché—or  
Pond since.

The correspondents were quar-  
tered in the Changchun mayor's  
house, but did not report where  
it was in the portion of the city  
under attack with artillery, tanks  
and rockets.

At Chungking, China's govern-  
ment expected official word  
momentarily today of the fall of  
Changchun—with heavy casualties  
—before the overwhelming  
Chinese Communist attack.

Hint Foreign Tanks  
One official Central News  
agency dispatch from Mukden as-  
serted—without confirmation—  
that four or five medium tanks  
driven by "officers of a certain  
country" led the attack on the  
Manchurian capital. "It is ob-  
vious," the dispatch added,  
"that these tanks were furnished  
by that country."

Government dispatches from  
Chungking pictured the outnum-  
bered, isolated national garrison  
with only two buildings in  
artillery-battered Changchun yester-  
day, and unable to hold out  
longer than morning today.

(An official dispatch received  
in Peiping from Changchun said  
the government defenders held  
three buildings—the Central Bank  
of China, the police bureau and  
the large telephone-telegraph  
building. It added the Com-  
munists were equipped with  
rockets as well as with tanks.)

(Peiping reports said the gov-  
ernment's new first army, mov-  
ing slowly north after still was  
16 miles from Changchun. This  
indicated only four miles' pro-  
gress in two days.)

There has been no reported  
contact with Changchun  
since yesterday.

The battle spread a fiery  
background for General Marshall's  
and army to China.

At the beginning of a series of  
conferences in Chungking, news  
from the north told of a barrage  
of incendiary and high explo-  
sive shells blasting, one by one,  
the few remaining strong points  
of Changchun's defenders.

Truman Agrees Hoover  
Should Complete Tour  
By The Associated Press  
WASHINGTON, April 19—  
President Truman agreed today  
that Herbert Hoover should com-  
plete his famous survey in for-  
eign countries before returning to  
the United States.

The White House announced  
that the President reached this  
decision in a telephone conver-  
sation with the former President,  
who spoke from California, where  
he will join the President in a  
world-wide radio broadcast to-  
night.

Food for Japs May Heighten  
Tension Over MacArthur Role

By The Associated Press  
WASHINGTON, April 19—A first-class political row appears today to be shaping up between Gen. Douglas MacArthur's command and the two inter-Ally policy and administration.

In Washington, a committee of the Far Eastern commission, 11-nation policy-making agency, the recent United States decision to send more than half a million tons of food to Japan during the first six months of this year.

And in Tokyo, the four-nation advisory council, whose Russian and British members have voiced objection to certain tactics of MacArthur and some of his officers adjourned until April 30 without agreeing whether MacArthur should present requested information in writing or by sending a spokesman to deliver it orally.

When New Zealand, Indian and Philippine members of the Far Eastern commission expressed some concern at a meeting yesterday over American intentions—at MacArthur's request—to send food to Japan, it marked the second time that body had questioned the policies of the supreme commander.

Previously, the commission expressed "apprehension" over the plan to hold Japanese national elections April 10, and asked MacArthur if he would consider postponing them.

To date the commission's questioning has been couched in the most polite terms and members have bent over backward to emphasize that their concern over Japanese issues did not imply criticism of MacArthur.

In bringing up the food matter yesterday, for example, Sir Carl Berendsen of New Zealand said he wanted to make it "perfectly clear that I am making no criticism and no protest."

He added, however, that when commission members visited Japan in January, the Japanese were not short on food—"indeed, they were fat"—and he said the occupation authorities had told them the Japanese were actually eating more food than before the war.

Sir Carl concluded by saying that if any preference were to be shown to Japan "or any other Axis power" in the present food crisis, he would take no part in such a policy and he thought the commission as a whole should reject it also.

COMPROMISE IN  
FRANCO ISSUE  
WINS UN FAVOR

Australia Proposes Inquiry and  
Report Later On; Iran  
Still Boils.

By The Associated Press  
NEW YORK, April 19—A compromise proposal by Australia gained support among delegates of the United Nations security council today as a possible solution to the controversial Spanish question.

The proposal, submitted by Australian Delegate W. R. Hodgson shortly before the council adjourned yesterday for the Easter holidays, calls for the appointment of a five-man sub-committee which would investigate the Spanish situation and report back by May 17.

Most of the delegates generally expressed interest in the Australian suggestion and it was conceded by some to have a good chance of being approved.

Before the council resumes its discussions of the Spanish question, it will tackle again the Iranian case, which was interrupted Tuesday after Secretary General Trygve Lie submitted a surprise opinion that there was some doubt as to whether the Iranian case legally could be kept on the agenda.

Iran to Be First  
This will be the first item on the council's calendar when it reconvenes at 3 p. m. Tuesday.

The way was opened for a new floor fight on the Iranian question when the council's committee of experts on rules and procedure reported last night it had split 8 to 3, with the majority holding the council had full authority to keep a case on the agenda as long as it thought necessary.

The council was expected to accept the opinion of the majority and then vote to keep the question on the agenda until May 6, the date on which the Russians have promised to have all Red army troops out of Iran.

The three members of the committee of experts voting in the minority were the representatives of Russia, France and Poland, the three powers which had favored dropping the Iranian case.

The council was expected to come back to the Spanish case by Wednesday or Thursday at the latest.

During two days of debate, all the delegates except Dr. Hafez Alfi Pasha, representative of Egypt, have spoken and only four have lined up for the Polish resolution. Two—the United States and China—have reserved their position.

The line-up was Russia, France, Poland and Mexico for the resolution and Great Britain, Brazil and The Netherlands against it.

Truman Urges  
Action on Food

Will Speak with Hoover in  
Radio Appeal Tonight; Or-  
der May Be Near.

By The Associated Press  
WASHINGTON, April 19—The urgent need for quick American-Canadian agreement on an accelerated famine relief program was underscored today by President Truman's statement that the global food crisis is "worse than it has been painted."

The accord, expected to be reached before tonight, calls for the two nations to reduce home use of wheat and wheat products by the same percentage to increase and speed up shipments to needy nations overseas.

If it comes, the agreement will be followed shortly by an order from Secretary of Agriculture Anderson cutting domestic distribution of flour 25 per cent for the duration of the current world food emergency.

Mr. Truman dwelt on the grave character of the food situation yesterday when he spoke to nearly 300 members of the American Society of Newspaper Editors in an off-the-record situation at the White House. Later his comments on food were authorized for publication.

Mr. Truman spoke of the critical food situations in India and the Philippines, and also said some of the worst starvation areas were in Japan and Germany.

The President will have more to say tonight in a radio appeal.

MARION CO. NATIVE  
KILLED AT GALION

Elza E. Heimlich, 63, Falls  
Under Big Four Engine.

Special to The Star  
GALION, April 19—Elza Heimlich, 63, was accidentally killed when he fell in front of an east-bound Big Four freight train here Thursday at 5:20 p. m. The train was going north through Galion near the Big Four freight house, and Heimlich was crossing the railroad tracks. The wheels of the engine passed through the center of the torso, bisecting it.

Coroner O. R. Kackley gave a verdict of accidental death.

Heimlich lived at 338 East Railroad street, Galion. He was born March 25, 1883, in Marion county, the son of Lewis and Sophia Peterson Heimlich. He was twice married, first to Roxy Cramer, and the second time to Mary Marshall. Both are living in Galion.

Surviving are two children: Mrs. Chester Trash of Leesville, and Elza Heimlich of Galion. Three brothers and three sisters also survive: John of Mt. Pleasant, George of Ashley; Elmer of Sherwood, Oregon; Mrs. William Smith of Waldo; Mrs. Chauncey Bendle of Galion; Mrs. E. Higgins of Columbus.

Mr. Heimlich had lived in Galion for 34 years. He helped his son in installing heating systems.

Friends may call at the Volk funeral home after 7 o'clock tonight. Services will be held at the funeral home Saturday at 2 p. m., and burial will be made in Fairview cemetery.

COAL STRIKE SETTLEMENT  
LEFT TO SCHWELLENBACH

Management Group Leaves as At-  
tempted Negotiations Fail.

By The Associated Press  
WASHINGTON, April 19—Soft coal management representatives scattered to their home cities today, leaving to Secretary of Labor Schwelzenbach the problem of how to end the 19-day strike by 400,000 United Mine Workers.

Schwelzenbach said today he would talk with John L. Lewis and the coal operators separately again next week in an effort to end the strike.

The operators had waited eight days while Schwelzenbach tried to revive negotiations for a new contract which broke down when John L. Lewis walked out April 10.

U. S. MACHINES BUILD SOVIET DAM. American built cranes, operated by Soviet workmen, help in the rebuilding of Russia's famous Dniester Dam, demolished during the war. Even as the reconstruction work was being rushed, the General Electric Co. in Schenectady, N. Y., reported shipment of major parts of the first of three huge hydro-electric generators.

Rail Men Eye  
16-Cent Boost

To Meet Wednesday To Decide  
Whether To Strike or Take  
Board's Figure.

By The Associated Press  
WASHINGTON, April 19—The threat of a nationwide railroad strike hinged today on acceptance or rejection of a fact-finding board's wage boost recommendation for more than 100,000 locomotive engineers and trainmen.

The government board suggested a 16-cent hourly boost, with certain changes in working conditions, but the finding can be either accepted or turned down by the carriers or the two unions involved.

The Brotherhoods of Locomotive Engineers and Trainmen had postponed a scheduled March 11 strike pending the board's study. Under the Railroad Labor Act the strike now is barred until May 18.

The two unions called a meeting next Wednesday at Cleveland to determine their stand. Alvanley Johnston, head of the engineers, said at Cleveland the board's recommendation were "not as much as we asked for."

The carriers' wage conference committee planned to meet today in Chicago to consider the board recommendation and then to talk with representatives of the brotherhoods on Monday. The railroads recently asked for a 25 per cent increase in freight rates, partly to compensate for arbitration awards April 2 giving similar 16-cent an hour pay increase to 1,250,000 other railroad workers.

The board in the locomotive engineer and trainmen case said, in its report filed yesterday with President Truman, that it felt bound to follow the wage pattern set in the earlier cases in order to avoid "inequality and discontent." The engineers and trainmen had asked a \$2.50 a day hike, or about 31 cents an hour.

The panel passed upon only a few of the 44 changes in working rules asked by the two unions and 29 changes asked by the carriers. Among these was a recommendation for an increase from 52 to 85 cents a day in the differential between yard conductors and brakemen. Time and a half pay for extra men in yard service also was approved.

Provisions of the earlier arbitration awards, unlike the findings in the report dealing with the engineers and trainmen, were binding on the carriers and unions by prior agreement. However, the 15 non-operating brotherhoods, representing more than 1,000,000 workers have asked for a 14-cent wage increase on top of the 16-cent award to make up the full 30 cents they originally demanded.

NAZIS GET HOLIDAY

MUNICH, April 19—The international military tribunal trying 22 German leaders on war crimes charges recessed today for the Easter holiday, its second holiday in four and one-half months. The tribunal will reconvene Tuesday.

SENATOR TAKES RAP  
AT AIRPORT SETUP

By The Associated Press  
WASHINGTON, April 19—With a cry of "states' rights," Senator Brewster (R-Maine) called on his colleagues today to reject the latest version of a multi-million dollar airport building program.

Brewster wants a federal program, but he said the proposed compromise of different bills passed by the senate and house would let cities come directly to Washington for money, rather than channeling their requests through state agencies.

"With 4,000 cities coming in here, the big ones would push the little ones clear out of the house," the Maine senator told reporters.

The compromise bill, already approved by the house, provides \$500,000,000 of federal money, to be matched by state funds, over the next seven years. Originally, the senate voted \$375,000,000 for a five-year program. The house approved \$650,000,000 for a 10-year period.

The senate measure required each participating state to set up an airport agency to pass on all projects and to handle federal funds. The house approved a provision letting the cities come directly to Washington.

When a senate-house committee worked out the seven-year measure as a compromise, it retained the house provision regarding cities.

The original senate measure provides for allocation of federal funds under a formula taking into consideration both the population and area of a state. For class 3 airports, the federal government would bear 50 per cent of the cost. For class 4 and larger, the federal share would be 60 per cent.

First appropriations under the measure would become available July 1, the beginning of the fiscal year.

Tag Day Saturday  
To Raise Funds for  
Cancer Campaign

The Junior Chamber of Commerce will conduct a tag day solicitation in Marion tomorrow to raise funds for its \$25,000 cancer drive.

About 50 Junior Chamber representatives will be stationed on downtown street corners to accept donations. Richard Lister is chairman of the program.

Officials report their drive is gaining strength throughout the city and county. They estimate \$1,000 has been received, and that an additional amount has been pledged.

The campaign will last through April with 50 per cent of funds received to be used locally to expand cancer treatment facilities in the city. Remaining portion of the funds will be distributed to state and national cancer societies.

TRUMAN AIDES  
CONFIDENT BUT  
FACE BATTLE

Senatorial Plan Still Would  
Need To Be Compromised  
With House Version.

By The Associated Press  
WASHINGTON, April 19—Administration chiefs expressed confidence today the senate would treat OPA far more gently than the house did, but trouble was stacking up for them just the same.

Their guarded optimism was tempered by the fact that even if the senate rolls up a thumping majority for continued price control without major changes, its decision will have to be compromised with the contrary action of the house on many key provisions.

OPA Chief Paul Porter claims the bill the house passed yesterday will require the elimination immediately after July 1 of price ceilings on at least 50 per cent of all commodities which make up the cost of living.

OPA's Vital Foods  
On this list the price chief placed such foods as meat, milk and all other dairy products except butter.

High on it, too, were coal, shoes, rayon and woolen textiles and many clothing items made from these fabrics.

Porter, in a statement last night, said the house bill would "blow sky-high" the ceilings on automobiles, radios, refrigerators and most household appliances.

Keynote of the administration's cautious optimism in the midst of these inflation predictions was sounded by Chairman Wagner (D-N.Y.) of the senate banking committee.

"I am sure," Wagner told reporters, "that my committee will come out with a very sensible bill. I think the senate will be reflective, thoughtful of the consequences."

Wagner's committee is considering a bill which as it stands would extend price controls a year beyond June 30 without change.

Quite a Contrast  
This contrasts with the house action in voting a nine-month extension minus food subsidies and with sections requiring ceiling prices that will guarantee "reasonable profit" to all manufacturers and distributors on every item they handle.

Senator Taft (R-Ohio) a leading senatorial critic of OPA, disputes the statement of Chester Bowles, economic stabilizer, that the house measure is a start on a joyride toward economic disaster.

Taft told reporters he sees nothing particularly wrong with the house version except that he thinks subsidies now building down retail prices should be tapered off rather than amplified.

Also, he said, manufacturers ought to get a profit on everything they manufacture, but he doubted the wisdom of guaranteeing a distributor a profit on every item he handles. (As an example, he said a grocer should have an overall profit but not necessarily on every sale.)

PORTER WARNS. Price Administrator Paul Porter warns members of senate banking committee during hearing in Washington that a breakdown of present price control system "can panic nation's consumers into stampede of costly spending. The breakdown is a real and frightening possibility. (Associated Press Wirephoto)

## Programs on the Air

For the first time, as far as the records show, a President and a former President are to participate in the same broadcast at 7 o'clock this evening over the four networks.

President Truman will speak from Washington and former President Hoover will talk from Cairo. The specific topic is Europe's Food.

The program, originally scheduled for 15 minutes, has been extended to half an hour, with two others added from Washington, F. H. LaGuardia, head of UNRRA, and Secretary of Agriculture, Clinton D. Anderson. Broadcasts previously listed for the period have been cancelled.

Another chance for tonight brings Rep. Jesse P. Weldon of Michigan to NBC at 9:30 in a discussion of "Price Control," replacing the regular weekly time.

Also coming up tonight: MBS 10 Bing Crosby added to the Bob Hope-Frank Sinatra hour of stars on behalf of the National Cancer Fund.

On the radio (Friday): NBC—5 Paul Robeson Easter concert, 9 People Are Funny, 10 Mystery Theater, 10:30 Jack Dempsey with Bill Stern, CBS—8 Henry Aldrich, 8:30 Kate Smith Good Friday program, 9 Holiday & Co., 9:30 Moore and Durand, 10 Danny Kaye show, 11:30 The Clockwatcher, 12:30 Rev. ### Ashley Soldier Hurt in Japan Accident

*Special to The Star*  
ASHLEY—Mrs. Cecil Milley of east of Ansony received a letter from her husband, located at the Kyushu Base in Japan, saying that while he and 12 companions were riding in an open truck, it overturned throwing them onto a railroad track. All were so badly injured that they were taken to a hospital.

Corporal Milley was unconscious for three days and suffered facial lacerations. When he wrote, he was out of the hospital and improving. Mrs. Milley is the former Mary Lou Westbrook, daughter of Mr. and Mrs. Lawrence Westbrook with whom she and infant make their home.

Ashley Boy Scout Troop No. 94 met Tuesday night Eagle Scout, Dier Westbrook was in charge. A Court of Honor, will be held in the school auditorium, Monday night, April 20 in charge of Committee H. B. Warner.

## Yank Expert Cites Death Ray As Warning of Jap Ingenuity

By WILLIAM GLOYER  
Associated Press Writer

NEW YORK, April 18.—Japanese efforts to develop an effective death ray as a grim application of the principles of radar should be, says Roger L. Wilkinson, a permanent warning to the American people.

"The public, including most American scientists," says Wilkinson, who directed a survey of Japanese radar development for the far eastern air force, "have the mistaken impression that the Japanese did nothing original in the war, and only made poor copies of such Allied equipment and techniques as they could capture, and whatever the Germans chose to give them. This is a dangerous attitude."

**Knows His Subject**  
Wilkinson, back now as a technical expert in the Bell Telephone Laboratories, spent 26 war months in the Pacific and was assigned to a closeup study of Japanese radar research immediately after V-J day as a civilian consultant with the air technical intelligence group.

Wilkinson said that when the war ended, the Japanese were ready to try a death ray machine capable of focusing a lethal beam over a one-mile range. In experimental tests, the ray had been able to kill a rabbit within about 30 minutes at a distance of 100 feet. The ultra-high frequency radio signals cause blood cells in the victim's lungs to break down so that hemorrhages resulted.

The objective, Wilkinson explained, apparently was to use the device against advancing ground troops by training the beam on personnel for three or four hours. During much of the war, concentrated development of radar was neglected under the Japanese psychology of offensive because the devices were considered primarily defensive.

On "curender" day, Wilkinson said, the Japanese were three years behind the Allies in development of fire control and air radar devices because of faults in military policy and isolation. The Japanese utilized only about 10 per cent of available scientific talent for war purposes.

Early warning radar was developed to a satisfactory degree and a warning network established with its center located just inside the Imperial palace grounds at Tokyo, Wilkinson said, but fire control and air interception equipment trailed far behind because of a lack of powerful transmitting tubes capable of operating at ultra-high frequencies. This lack enabled highly effective jamming of signals by American equipment. In the latter stages of the war, antiaircraft batteries had to wait for visual observation of planes before firing.

Japanese electrical equipment, said Wilkinson, was highly efficient and workmanlike. "The errors on the part of the military in Japan are now well appreciated by all Japanese ex-military, academic and industrial leaders," he added. "They would not make the same mistakes again. Thus it would be folly to discount the potential ability of Japanese scientists, with proper leadership and organization, to make a very creditable showing in inventing and building all kinds of electronic devices in competition with ourselves or any other nation."

When William Penn created the first prison system in Pennsylvania, in 1682, he stipulated that "all prisons shall be workhouses."

Next meeting will be at the home of Mr. and Mrs. Robert Lister.

## NEW RAIL SYSTEM REGULATES CROSSING

Big Four and Pennsy Equipment in Use at Crestline.

*Special to The Star*  
CRESTLINE, April 19.—Activation of the second step in the new electrical control system for handling trains at the crossings of the Big Four and Pennsylvania railroads here, took place Thursday when the signals and switches were put into operation between the crossings and the west railroad yards.

Initial operations of the new system were begun two weeks ago when the Central train control plant was switched on at the new control tower. Officials of both railroads were present for the operation.

Putting the new system, to very latest electrical equipment for handling trains or "remote control" into effect two weeks ago effected only the direct cross-over between the two railroads.

The west yards was integrated into the control network Thursday and the remainder of the "railroad" yards will be switched onto the new system by the end of April, it was said.

Activation of the entire plant has been divided into separate steps so as to keep delay of regular traffic to a minimum.

## SENIOR CLASS PLAY TICKETS ON SALE

"You Can't Take It With You"

To Be Given May 1.

Tickets for the Harding Senior class play, "You Can't Take It With You," went on sale yesterday for both the matinee and evening performances on May 1 at the Palace theater. The tickets may be purchased from Harding seniors.

Ticket sales are in charge of Mrs. Minnie W. Under and her committee. James Brethaupt, Ruthann Haskell, Harry Moler, Leland Myers, Michael Phillips, Edward Axelson and Helen Curtis.

Student reservations will begin Monday, April 29 at 12 o'clock at Harding High school. Each student is limited to six reservations. For the convenience of patrons, who find it difficult to be there at that time, J. H. Smith has worked out a plan. Patrons may mail tickets to J. H. Smith at Harding High school with a self-addressed, stamped envelope, not later than April 29.

## Quonset House List Increased to 137

While city officials await state board of housing action on a council resolution to determine the need for a Metropolitan Housing Authority in Marion, veterans' applications for the proposed quonset-type houses rose to 137 today.

Mayor Harry L. Dowler said he still had received no word from the state board, which has been asked by council to determine the need for veterans' housing in Marion.

Should the state board determine a need exists, it is authorized establishment of the Metropolitan Housing Authority, consisting of a local five-man board, to act as the responsible agency in all business matters concerning the Quonset building proposal.

## Williamson Resigns from City Law Post

Don Williamson announced today that he has resigned as assistant city solicitor, effective April 30. He was appointed Jan. 1, 1944. He said he resigned so that he might devote his full time to private practice.

City Solicitor Edwin B. Spohn said today he had no announcement concerning a new appointment to the post of assistant solicitor to make at present but would submit a nomination to council Monday.

Williamson said he would prefer to have shortwave news broadcasting handled by a private agency "if it were done adequately." But he expressed doubt this could be done in view of the financial losses involved.

Benton advanced his study proposal after outlining his arguments for maintaining a state department information service abroad, and the "inconvenience" he said is caused by withdrawal of The Associated Press and the United Press services from that program.

The Associated Press withdrew its news report from the state department last January on the ground that "the government cannot engage in newscasting without creating the fear of propaganda, which necessarily would reflect upon the objectivity of the news services from which such newscasts are prepared." The United Press later cancelled its service to the department.

Away from the bustle of their regular offices, the editors nevertheless had a busy day yesterday, including an off-the-record chat with President Truman and an insight into the Navy's problems from Fleet Admiral Chester W. Nimitz.

Electrical Strike

Parley Continued

By The Associated Press  
PITTSBURGH, April 19.—Officials of the Westinghouse Electric Corp. and the CIO-United Electrical Workers met again today to try to settle a strike that has kept 75,000 production workers idle 94 days in a dozen states.

Neither side could give any hint of progress made at yesterday's discussions. A separate conference covering 10,000 lamp division workers was held in the general Westinghouse contract, also was under way today.

Allentown County Judge Walter P. Smart, adjourned until Tuesday a hearing on the union's request for modification of terms of an injunction barring mass picketing at the firm's Pittsburgh area plants.

Security Exchanges

To Close Good Friday

By The Associated Press  
NEW YORK, April 19.—Most financial and commodity markets were closed today, Good Friday, and for some the recess will continue throughout the weekend.

Security exchanges in New York and Chicago are among the important ones shutting down. Chicago and some other livestock markets will remain open on Friday.

The New York stock market and Chicago grain exchange will be open Saturday.

## LOVE'S FAIR HORIZON

By ADELE GARRISON

I FOUND Faith sitting before a nurse help, of course. But I found her with a pencil held tightly in her hand. She was making a list on the paper, and her pink tongue was just showing between her lips. She was sitting in the chair across the room, Katharine and Jack were seated, watching her with affectionate smiles.

The bedroom door was slightly ajar, and I spoke softly, making the inquiry, the answer to which I knew Dicky would want before starting for the Vertizon luncheon.

"How is mother?" I asked, carefully keeping my voice muted.

"Couldn't be better," Katharine answered. "She's still asleep, and I'm sure she'll be all right when she awakens."

"And," she added, flashing a loving smile at my small daughter, "it's mostly due to Faith. She has been a splendid nurse, and listens for every sound from her grandmother's room."

"Oh, I don't do it all," Faith said softly, looking up from her scribbling. "The doctor and the

## In Memory Of

Lowry who died six years ago, April 18, 1940. I know now that while I wept, I wept for all the things that were; All the things that might have been. Yet memories and dreams forever sweet can blossom in my heart. And who shall know that sweet tears fall gently there? For I know now—I did not lose my son. I only gave him back to God! Mr. and Mrs. Harry Lowry and Family.

# NAME ONE OTHER CITY . . .

*Even Half the Size of Marion*

Name one other city where 250 is the largest crowd that can see high school or city league teams play basketball. That doesn't stack Marion up so well with other cities and it isn't fair to our young athletes—girls and boys. There are dozens of other reasons why Marion needs a gym to seat up to 4,000 besides for basketball, indoor baseball and track meets. The new Harding High School on the athletic field site will provide this—with plenty of parking space.

of the "the Phil. are the of being kept" and that of the complete independence to be the complete domination of the country's economy by America.

THIS is a memo to all South high school basketball fans. Don't make the trip to Marion Friday night to see the Tigers' game with Harding high school because you won't get in. George Miller, South faculty manager, revealed Tuesday that Marion is playing its game this year in a "cigar box" and only 250—that's right—spectators can witness the contest.

South has been allotted only 30 tickets, 10 adults and 20 students, and that's all the Blue and Gold will get. Needless to say, chances of getting them this day are gone.

In any event, Miller warns all South fans that "they'll only be wasting their time if they go to Marion to see the game. There will be no tickets sold at the gate. Only 250 can be accommodated."

Special to The Star  
PROSPECT—Last Friday night in the school building St. Paul Lutheran church held a church "Family Night" dinner honoring 44 service personnel.  
Rev. G. C. Heffelfinger of Willard gave the principal address, followed by Dr. Carroll Ritchey of Marion, who entertained with magic.  
Thirty-five from the church have been honorably discharged, eight are still in service. One gold star is on the church's service flag, in memory of Richard Finckel, killed in an airplane accident last fall. Flowers in his memory were placed near the church's honor roll.  
The candle-centered tables in the high school auditorium were decorated in patriotic colors.  
Edward Behrens was toastmaster. A trumpet solo "Sylvia" was given by Paul Edward Lauer. The Lauer quartet furnished several numbers and group singing was accompanied by Lorin B. McNeal, a veteran.  
Approximately 190 were present.

By The Associated Press  
WASHINGTON, April 19—President Truman yesterday when he came "Alabam" to the White House, but "Alabam" seemed more interested in the absence of his "Mama" than in the President.  
When presentation ceremonies were concluded on the lawn, Mr. Truman eyed the 185-pound yearling bull and said:  
"He wants his mama, he's hungry."  
Alabam, two months old today and just taken away from his mother Wednesday, traveled to Washington by passenger plane as a good will emissary for Birmingham's stock show and rodeo April 28-May 4.

# NAME ONE OTHER CITY . . .

*Even Half the Size of Marion*

Name one other city even half the size of Marion which doesn't have a fire-proof public auditorium to seat approximately 2,000 persons. There are few, if any. In an auditorium of that size, school dramatic and musical events would be held. It would also be used by the public for convention meetings, public speakers of renown, musical events and other public affairs of cultural, entertainment or educational value. The few places which are available in which large groups may assemble rent for such a high figure that they are prohibitive for most organizations or else the rent eats up most of the profits for the sponsoring groups which are working for charitable purposes. The new Harding High School will provide such an auditorium for all civic purposes with ample parking space.

Can you imagine the improvement of being able to hold graduation exercises in the new High School auditorium over the old Chautauqua building? On rainy days, which so frequently occur, you would enjoy the exercises in a comfortable spacious auditorium befitting this important event. All desiring entrance could be accommodated and there will be ample parking space for cars.

**BOARDS GUARD VETERANS' JOBS**

Statement Issued Following Goble's Letter Urging Protection of GI's Rights.

Members of local selective service boards asserted today they would make extra efforts to guard the reemployment rights of war veterans.

Their announcements followed receipt of letters from State Selective Service Director C. W. Goble urging the boards to make immediate record of all facts in connection with violations to GI's rights and negotiate with the employer for a settlement.

The state director's letters were addressed to reemployment committees of the boards. Local boards report they have been receiving "quite a number" of claims from veterans, but reported that so far settlements had been reached in all cases. When a veteran appeals his claim for reemployment status, providing his case is not settled, the claim goes to the federal court in Toledo where the United States district attorney acts as the veteran's counsel.

Col. Goble told the local boards in his letter "With each passing day, the public is becoming less conscious of the sacrifices made by the veterans who left their jobs and homes to enter the armed forces. Unless we, as protectors of veterans' reemployment rights vigorously fight for these rights, no one else will do the job for them."

Meanwhile, United States Employment Service officials are making extra efforts to place veterans in responsible jobs. Francis Field, veterans employment representative, reports that Marion employers are favorably impressed with the veteran apprentice system established by the employment service. The plan provides that an employer pays a veteran an apprentice wage and gives him on the job training, while the employment service pays the veteran the difference between his wage and that of an experienced worker. The employment service will pay up to \$65 a month for a single man and up to \$80 for a married man, Mr. Field reports.

More than 30 veterans in Marion are now working under the apprentice system and jobs for about 20 more are pending, Mr. Field said.

**3 ELECTRIC CO-OPS LOSE \$290,000 SUIT**

Union Co. Unit Shares in Ohio Court Defeat.

By The Associated Press  
COLUMBUS, O., April 19 — W. R. Cutnaw of Columbus was awarded \$290,000 yesterday by Franklin county common pleas court in his breach of contract suit against three rural electric co-operatives.

Cutnaw sued for \$325,000, claiming that was his rightful share of a joint purchase made by the companies of the Midland Light and Power Co.

The figure represented Cutnaw's estimate of a 13-mile railroad, running between Obetz Junction and the Pickaway power station of the Columbus and Southern Ohio Electric Co.

The suit stemmed from a three-year-old agreement between Cutnaw and South Central Rural Electric of Lancaster, Union Rural Electric of Marysville and Inter-County Rural Electric of Hillsboro.

The cooperatives, under a joint agreement in the purchase of the company from Associated Electric, were to furnish \$1,800,000. Cutnaw's contribution was to be \$100,000.

An initial bid was rejected but a second bid of \$2,115,000 was accepted April 15, 1944.

Cutnaw claimed his agreement on the first bid applied also to the second and sued for \$325,000, his estimate of the railroad's worth.

Eugene Hensel, counsel for the cooperatives, said he would appeal the verdict.

**OHIO'S HIGH COURT GETS BRIBERY CASE**

By The Associated Press  
COLUMBUS, O., April 19 — The Ohio supreme court yesterday heard claims that bribery could not be prosecuted anywhere in Ohio if the court of appeals decision freeing former Clark County Prosecutor Jerome A. Nevius of bribery charges were upheld.

The claim was presented by Atty. Homer C. Cory of Springfield, a special state prosecutor in the Nevius case who presented the state's contention that the appellate court decision should be reviewed by the high tribunal and reversed. Today's arguments were on a state motion for leave to appeal.

Cory contended testimony of alleged co-conspirators which the appellate court had ruled out was proper in the case and should have been considered.

"If the appellate court decision is allowed to stand it will be virtually impossible to convict anyone of bribery in Ohio," he declared.

Nevius was convicted on three counts, two of which accused him of accepting automobiles from the proprietors of the Silver Dollar, a gambling resort, and the other of receiving sums of money from them. The appellate court completely freed Nevius on two of the charges and reversed his conviction on the other because of alleged error and remanded it for a new trial in the common pleas court.

Former Lieut. Gov. Paul M. Herbert, who represented Nevius in opposition to a supreme court review, argued the appellate court's decision was strictly in accordance with law and supreme court decisions and should be permitted to stand. He contended there had been no evidence submitted connecting Nevius and the proprietors of the gambling house.

The case was heard by six judges as Judge Charles B. Zimmerman of Springfield disqualified himself because, he said, he was a resident of Springfield, knew most of the persons involved in the case and had heard the case frequently discussed, sometimes very heatedly.

Prosecutor Nevius was present at the hearing as was his father and a brother. The court took the case under advisement.

**Boyle Retraces Bloody Road Back To Cassino**

By HAL BOYLE  
AP Newsfeatures Writer

CASSINO, ITALY, April 19 — The road back to war is strange and new.

All the ingredients of battle are missing except the ruins. Only by such odd and haphazard monuments—a few roadside graves, an occasional rusted tank, some small forgotten stacks of ammunition—can you read the story of the siege of Cassino.

These small memorials of battle can only hint at the long heartache and dull misery this mountain village symbolized for thousands of Allied soldiers in the early months of 1944.

Nature, which heals or kills, has taken care of the rest. The road to Cassino was once a dreary trail of mud and blood and weary tears. It was tedious as a dull football game in which no one scored.

Lives were lost for yards. It was the endless agony and crash of sound and it broke men's hearts and minds and bodies. It was rain and damp wind and crippling cold for bleak weeks.

Nothing Like It

It wasn't hell, because hell is heated. It wasn't life, because life has moments of rest. And it wasn't death because you still could move—any direction but forward. It wasn't anything but Cassino—and Cassino was life and death and hell in one bitter draught.

Riding back along that road today you feel like some doomed, shot, force-marched to revitalize scenes of ancient disaster and you live again that old agony which still stirs many veterans in fitful dreams of that vanished frustration, that hill of heartache—Cassino.

Cassino was only one major sign post on the road to Rome. It was preceded by several miniature Cassinos. Among them was the "Million Dollar Hill," so named by combat troops who figured it took that much costly artillery fire to soften its defenses for the doughboy attack.

In those days it was a bare, rock-bound slope. Now, like other wayside stops on the road of hate that led to the Italian capital, its forbidding features are veiled by a distance.

## Weddings

Miss Mary Rabel Wilson, daughter of Mr. and Mrs. D. V. Wilson of Radnor, and David R. Thomas, son of Mrs. Mary Thomas of Radnor, and the late William R. Thomas, were united in marriage Sunday, April 14, in the Radnor Baptist church. The double ring ceremony was read at 3 o'clock in the afternoon by the pastor, Rev. A. M. Hill. Bridesmaids were Miss Helen Lyon, style leader by Elmer Fook, Wallace Linn Jr., Harold Van Meter, Bobby Kelly, and introduced by Shirley Neff, a dialogue, "Easter Flowers," by Edward Brewer, Max Brewer, Billy Price, Teddy Bibler, Charles Myers, and Jimmy Kelly; a reading by Margaret Ann Hinamon; a vocal duet by Dickie Kerr and Rozella Getup, and taps by Vivian Herr.

A program of nuptial music by Miss Anita Griffin, organist, and Miss Suzanne Penny, vocalist, preceded the ceremony.

The bride was given in marriage by her father. Serving as matron of honor was the bride's sister, Mrs. Warren Taylor. The bridesmaids were Miss Gertrude Reed and Miss Evelyn Blue. The ringbearer was Phillip Arthur Goldslager of Columbus and the ushers were Miss Ruth Taylor and Miss Elsie Reed. William Thomas, brother of the bridegroom, served as best man. A reception in the church followed the ceremony.

The new Mrs. Thomas is a graduate of Radnor High school and has been employed as a typist at the Franklin county recorder's office. Her husband, also a graduate of Radnor High school, was recently discharged from the service having served with the Engineers in Europe for 20 months.

When the couple left on a wedding trip, Mrs. Thomas was wearing a fuchsia suit with black accessories and a light gray topcoat and the corsage from her bridal bouquet.

Guests attending the wedding from Mr. and Mrs. H. E. Early, Mr. and Mrs. J. W. McClure, Mr. and Mrs. Sheridan Severns, Mr. and Mrs. Dick Whaley, Mr. and Mrs. Burdette Jones, Mr. and Mrs. Marion McKee, Mr. and Mrs. Delphos Hill, Mr. and Mrs. Herbert Wilson, Mr. and Mrs. Donald Hill, Mrs. Flora Mettler, Mrs. Mabel Fletcher, Mr. and Mrs. Elmer Weaver and family, and Mr. and Mrs. M. C. McNeil.

Mr. and Mrs. Thomas Rizer of Avondale avenue are announcing the marriage of their daughter, Mrs. Cleo Bond, to Bert Gilmore, which took place Thursday afternoon, April 11, in the First Presbyterian church. Only the immediate family was present for the single ring ceremony read at 3 o'clock by Rev. Howard L. Oleschke, pastor.

For the ceremony Mrs. Bond chose a brown Melton wool suit with which she wore gold accessories and a corsage of yellow roses. Her sister, Mrs. Wanda Denney, who was her only attendant, wore a black and white costume and a corsage of gardenias.

She presented her attendant, Mrs. Denney, and Miss Betty Bond with gold compacts. Richard Darby served as best man for Mr. Gilmore. The bridegroom's gift to the best man was a gold tie clasp and key chain.

A reception for 75 guests was held at the home of Mr. and Mrs. Lee Collins of North State street following the ceremony. After a short wedding trip through the south the couple will make their home for the present at 409 Cherry street.

Mrs. Gilmore has been employed as an inspector at the Scioto Ordnance Plant. Mr. Gilmore, who is the son of the late Mr. and Mrs. James Gilmore, is employed at the Marion Power Shovel Co.

Announcement is being made of the marriage of Miss Maxine Hiller, daughter of Mr. and Mrs. Charles Laser of Port Clinton, to Damon Carey, son of Mr. and Mrs. Ervin Carey of west of Green Camp, which took place in a double ring ceremony on April 6. The service was read at 4:30 o'clock in the afternoon, by Rev. Walter F. Koepplin in Peace Lutheran church at Ashland.

The bride wore a powder blue suit with navy blue accessories and her flowers were an orchid corsage. She wore a pearl necklace and earrings, a gift from the bridegroom.

## Grand Prairie Grange Honors Cradle Roll

Grand Prairie Grange honored its cradle roll members and mothers with a party Tuesday evening in the Grange hall. Mrs. Charles Brady was in charge and awarded 28 membership certificates. During the social hour, Mrs. Fred Gilbert, first juvenile matron, and Mrs. E. A. Williams, deputy juvenile matron, presided at tables decorated in keeping with the Easter season. Assisting them were Mrs. Callie Myers, Mrs. James Kerr, and Miss Louise Hinamon. Mrs. Harry Brewer, juvenile matron, and members of the Juvenile Grange were guests.

The program, in charge of Dickie Kerr, juvenile lecturer, consisted of the following: a song, "America the Beautiful," chanted solo by Miss Helen Lyon; style review by Elmer Fook, Wallace Linn Jr., Harold Van Meter, Bobby Kelly, and introduced by Shirley Neff, a dialogue, "Easter Flowers," by Edward Brewer, Max Brewer, Billy Price, Teddy Bibler, Charles Myers, and Jimmy Kelly; a reading by Margaret Ann Hinamon; a vocal duet by Dickie Kerr and Rozella Getup, and taps by Vivian Herr.

The bride wore a powder blue suit with navy blue accessories and her flowers were an orchid corsage. She wore a pearl necklace and earrings, a gift from the bridegroom.

Mrs. Gerald Hiller, sister-in-law of the bride was her only attendant. She was costumed in a light gray suit with navy blue accessories and her corsage held baby roses and carnations. Mr. Hiller, brother of the bride, served as best man for Mr. Carey.

The couple will make their home on a farm west of Green Camp.

## G. OF C. INDUSTRIAL CHAIRMAN NAMED

Frank Foster To Succeed Harry Huether.

President Robert E. White of the Marion Chamber of Commerce today announced the appointment of Frank M. Foster as chairman of the committee for industrial development to succeed Harry Huether, who is leaving Marion.

President White is further expanding this committee now composed of Frank Foster, Robert Mason, Wilfred Schaffner, Forrest Smith, Glenn Pierson, William H. A. Dowler, Howard Mages and A. J. Berry, by appointing Clare Williams, Shelton Doods, George Wright, Dr. Frank V. Murphy, Bud Burke, Joan Dugan, Phillip Gutney and David Isely to the committee.

It is planned to make an active canvass and survey to locate and catalog all possible industrial sites, with price and utilities available. Many industries essential to the veterans housing program may build new factories now with CPA approval. Stressing the need for more industrial development, President White has called for information that will bring to light a good industrial site in or near Marion. Persons having such information are asked to contact H. E. Webster, industrial division, Chamber of Commerce office.

## Knights Templar Plan Easter Sunrise Service

Plans were made for Easter sunrise services to be held by Marion Commandery No. 36, Knights Templar, with Calvary Evangelical church, when members of the commandery meet Thursday night in the Masonic temple. The services will be at 6 a. m. and will be followed with a breakfast for members of the commandery and their ladies in the temple.

Annual inspection of the commandery has been planned for April 25. Inspecting officer will be Earl C. Krueger of Sandusky, grand commander of the grand commandery of Ohio. Also present will be Jules S. Kuhns of Dayton, grand commander.

Special meetings were planned as follows: Order of the Red Cross, May 1; Order of Malta, May 9; and Order of Temple, May 11.
